Subject: Thank You – Entry-Level Data Analyst Interview – Leo B Polackal

Dear [Interviewer Name],

Thank you for taking the time to speak with me today regarding the Entry-Level Data Analyst position at [Company Name]. I thoroughly enjoyed learning more about your team's analytical framework and reporting standards.

Our conversation reinforced my strong desire to join [Company Name]. I am confident that my technical skills in SQL query construction, Python data cleaning, and Excel dashboard design align directly with the immediate reporting needs we discussed.

Please feel free to reach out if you require any additional project files or academic references. I look forward to hearing about the next steps in the recruitment process.

Sincerely,

Leo B Polackal
